College Finder

Database for keeping information of Nationally acclaimed Engineering Institutes of India

Scope

The purpose of this database system is to help a student, who has cleared the Joint Entrance Examination Main (who is the target user), looking for a college, find an appropriate one, according to his/her JEE Main rank, choices and preferences.

Description

The JEE Main exam is conducted every year, after which all the students look forward to get admitted to the Institutes they deserve most, and in the current scenario, there is no such resource available for students that allows them to do so. Through this database, they will be able to choose from the best technical Institutes (IIITs and NITs), that are available after JEE Main. The database includes the list of all IIITs and NITs with their respective basic details like Institute name, Institute Rank, etc. The database further includes in-depth details of each Institute like Branches offered, Faculties, Average Package, Campus Facilities, etc.

Sample Answerable Queries

1. List of all the Institutes having branch = 'Mechanical Engineering' and cutoff <= 2000.
2. List of all the branches in NIT Surat.
3. Qualifications of all the faculties in IIIT Vadodara.
4. List of IIITs with average package of CSE branch >= 800000.
5. List of all the companies recruiting from NIT Warangal.
